**RESOLUTION NO. 2018-84**

**TITLE:**            **RECOGNIZING THE COMMUNITY OF PARKLAND FLORIDA, REAFFIRMING THE STRICT ASSAULT WEAPONS LAWS IN THE STATE OF NEW JERSEY AND ADVOCATING FOR STRICTER NATIONAL LEVEL COMMON-SENSE GUN SAFETY LEGISLATION AND IMPROVED REPORTING AND MANAGEMENT OF PERSONS OF RISK.**

**WHEREAS**, the Borough of Fair Haven is saddened by the unthinkable and horrific acts committed at Stoneman Douglas High School on February 14, 2018 impacting the children and broader community forevermore; and

**WHEREAS**, the Borough of Fair Haven Mayor and the Borough Council as a unified bipartisan body calls for an end to the senseless violence caused by deranged individuals with access to assault weapons in communities around our country through improved legislation at all levels of government; and

**WHEREAS**, Children throughout the nation have been negatively affected directly and indirectly by violent crimes involving firearms; and

**WHEREAS**, Dr. Colleen Kraft, President of the American Academy of Pediatrics (AAP), formally issued a statement on February 15, 2018 on behalf of the AAP that encapsulates our collective sentiment:

*“Children are dying from gun violence and Congress is failing to act. Every one of our 100 U.S. senators, and all 435 U.S. representatives bear a responsibility to take meaningful action to protect our children, our families, and our communities. Our elected leaders cannot continue to fail at this most essential task.*

*We can start by working to advance meaningful legislation that keeps children safe. The American Academy of Pediatrics advocates for stronger state and federal gun laws that protect children, including a ban on assault weapons like the one used in yesterday’s school shooting. We also call for stronger background checks, solutions addressing firearm trafficking, and encouraging safe firearm storage. We will also continue to work to ensure that children and their families have access to appropriate mental health services, particularly to address the effects of exposure to violence.”; and*

**WHEREAS**, the tragedies of Parkland, Florida, of Newtown, Connecticut, of Columbine High School in Colorado, emphasize the extreme need to immediately address a number of issues including access to firearms, a uniform code of compliance for school security, and the delivery of mental health services; and

**WHEREAS**, our public reporting systems that are used to identify clear threats, individuals who are in need of mental health services and proactive law enforcement intervention had unacceptable functional gaps. Thus, we need bold actions to improve our reporting of school violence, individuals at risk and public

May 2, 2018

threats. It is unacceptable that these systems which received multiple tips were not up to the task of providing key information to public safety officials who then should have acted with all due haste to address the public risk. The true sadness of this situation was that in the months prior to this incident there appears to have been multiple flags which were raised that could and should have resulted in swift action by public officials and law enforcement that could have prevented this incident and/or saved lives; and

**WHEREAS**, The Fair Haven Borough Council respects the rights of the vast majority of gun owners who are very aware of the tremendous power of these weapons and who are constantly vigilant in their management and use of firearms. We support the responsible use of firearms in recreation and sports and are confident that the firearms owners and industry can and will work in partnership with our communities to assure that all firearms owners are properly trained and licensed. We also believe that reasonable compromise is the key to both protecting the rights stated in the Constitution of the United States of America as well as assuring that firearms are not in the hands of individuals who lack the control and mental stability to assure public safety. Thus, some aspects of gun regulation must be adjusted to assure that the events at Parkland are not repeated. Our community of Fair Haven demands that the strict assault rifle laws of our State be held as the model for the rest of the nation to ensure these types of atrocities never occur in our community or any community going forward; and

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and Council of the Borough of Fair Haven in the County of Monmouth, State of New Jersey, urges our national leadership including all members of Congress regardless of party affiliation to identify and implement meaningful action to address access to and ownership of military-type assault rifles, accurate and complete reporting of the activities of at-risk individuals, the delivery of mental health services, and financial support to ensure a safe and secure school climate.

The Borough Clerk made reference to the following report:

**TAX COLLECTOR'S  
ANNUAL REPORT OF TAXES UNCOLLECTIBLE  
2018**

Pursuant to N.J.S.A. 54:4-91.1, the Tax Collector shall file annually with the governing body of the municipality a list of delinquent real estate taxes that he/she believes to be uncollectible.

At the time of this report, I have found no properties that I believe to be uncollectible.

Respectfully submitted,

Toni Mullen, CTC  
Tax Collector

Submitted: May 1, 2018

Councilman Bray pointed out that Tax Collector found no properties that were uncollectible.

The Borough Clerk read the following letter, dated April 17<sup>th</sup>, from the New Jersey Department of Transportation:

Dear Mayor Tucci:

Thank you for your application requesting funds for your municipality under the New Jersey Department of Transportation's (NJDOT) Fiscal Year 2018 Municipal Aid Program.

May 2, 2018

Unfortunately, the NJDOT is unable to provide a Municipal Aid grant for the Wall Street Sidewalk Improvements Project. The Municipal Aid Program continues to be a popular and competitive program. This year’s solicitation resulted in 656 applications requesting more than \$298 million of the \$161.25 million available. NJDOT makes every effort to fund as many projects as possible, but the funding needs far exceed available resources.

NJDOT encourages you to apply for the upcoming Fiscal Year 2019 Municipal Aid Program. Please contact our Local Aid District Office for assistance in developing an application.

Thank you for applying.

Sincerely,

Laine Rankin  
Director  
Division of Local Aid and Economic Development

PUBLIC HEARING:

David Ornstein, Maryland Avenue, asked if there has been any coordination with the County to address the sinking drainage inlet at the corner of Maryland and Locust Avenues while the improvements are being done on Maryland Avenue. The Borough Administrator was told to call the County to check on this request.

May 2, 2018

Joseph Okuszk, 113 Parker Road, appeared this evening to request that his property be placed on the list for new curbs.

Mary Lynch, Locust Avenue, asked the Mayor to contact the County to request their assistance again this year in cleaning the cemetery at the corner of Locust Avenue and Wall Street.

Gerry Fawcett, Beechwood Avenue, inquired about the status of the demolition of the 95 Poplar Avenue building. The Borough Administrator replied that she has been communicating with the Long Branch Building Department concerning the issues with obtaining the permits and expects the project to be ready to go shortly. She confirmed that the contractor was putting together a schedule.

There being no one else wishing to speak, on motion made by Councilman Neyhart, seconded by Councilman Bray, and carried unanimously, the meeting was adjourned at 8:09 PM.

A handwritten signature in blue ink, reading "Lori Cole", is written over a horizontal line.
