Protective glass has been installed at the two walk-up windows, social distancing markers have been placed on the floor, and signage has been posted advising that masks must be worn. She also thanked the Borough employees for keeping the infrastructure going during the COVID-19 pandemic. She recognized the first responders, the Police Department, and the Emergency Management Coordinator for their dedicated service to the Borough and its residents during this difficult time. Finally, she reported that there were 58 new positive cases of COVID-19 in Monmouth County as of today for a total of 8,915, which was up by 500 cases since the last meeting. June 17, 2020

Councilman Bray read the following financial report:

**Finance Update:**

- *Ms. Dollinger checked with our tax collector and we are now at 96% for the May tax bills and we are optimistic that we will hit our historical levels of over 98%.*
- *With regards to the Community Center, the architect completed the 90% review set by the deadline and we met this past Monday to go over the drawings. They will be finalizing the drawings and specifications and we are still targeting June 24<sup>th</sup> for the bid package release date and awarding the bid on September 2<sup>nd</sup>.*
- *We have a resolution tonight authorizing the fees for the project management and architectural services for phases 3, 4, and 5 for the Community Center. The proposal amount came in within the budget that we had established with the capital bond ordinance. The committee has reviewed the scope of services and found it to be acceptable. We are really pleased with the team's performance to date.*

Councilman Cioffi read the following report:

*Fire Department:*

*Last meeting, I mentioned the purchase of radios for our fire Dept. Since then, Due to the Covid 19 issues, this was pushed back. The Chiefs along with our Fire Dept records administrator have worked on reducing the initial cost and have submitted a plan to the CFO. I will be working prior to next meeting and meeting with my finance committee to present this to council ahead of time for all to read it over.*

*Radios will need a Capital Ordinance; I think I can find most of the funding in old ordinances that can be reallocated. But it might be a combo of old money and new money.*

Councilman Cioffi reported that a resolution was adopted at the last meeting to permit outdoor dining and that as of Monday, nine businesses had taken advantage of it.

Councilwoman Mango had nothing to report on behalf of the Recreation and Shade Tree Commissions.

Councilwoman Mango reminded everyone that the Environmental Commission was sponsoring the semi-annual recycling event on Saturday, June 27<sup>th</sup>, from 8:00 AM to 12:00 PM, in the Borough Hall parking lot.

Councilman Neyhart encouraged everyone to support the local Police Officers for the fine work they do and the respect they display to all people by waving or giving them a thumbs up.

Councilman Penta reported that there has been a problem with many of the seasonal rental residents placing cardboard and commingled items out together for collection. The Borough Administrator offered to discuss the problem with the Code Enforcement Officer to determine if violations were being issued. Councilman Penta also reminded everyone that cardboard boxes must be broken down. He suggested the Borough consider assigning a Public Works employee to monitor the situation.

Councilman Penta reported that commercial landscapers were placing brush at the curb for collection by the Borough. Mayor Tucci advised that the Code Enforcement Officer was working on that situation, and she asked for the Police Department's assistance.

Councilman Sniffen reported that the exterior of the Police building and Borough Hall were power washed last Sunday.

June 17, 2020

Councilman Sniffen stated that he obtained quotes for the upgrade of the lighting of the Borough Hall parking lot to LED fixtures and that a purchase order to proceed with this work would be forthcoming.

Councilman Sniffen confirmed that a purchase order has been processed to remove the hazardous trees at the West Long Branch Community Center.

Councilman Sniffen advised that the protective glass was installed at the Library last Friday and that the Public Works Department was moving the furniture to allow for social distancing. The Public Works Department also installed a changing table that had been donated to the Library. He noted that the Library was ready to open from the Borough’s standpoint.

The Borough Administrator had no update on when the Library would be permitted to reopen; however, she noted that they would be doing curbside service. The County has requested that the Borough add extra cleaning and sanitizing services for the Library.

The Borough Administrator advised that the purchase and installation of the cameras that were previously discussed to deal with the illegal dumping at the Public Works Yard was now in progress since the budget was adopted.

The Borough Administrator reported that she has been working on a project for the Shade Tree Commission to receive reimbursement from the Department of Environmental Protection, and she expected the paperwork to be finished tomorrow.

The Borough Administrator confirmed that the first COVID-19 reimbursement request had been submitted to the County.

The Borough Administrator announced that Borough Hall was now open to the public.

The Borough Administrator advised that the estimated tax bills were scheduled to be mailed next week.

The Borough Clerk had nothing to report.

The Borough Attorney had nothing to report.

There was nothing to report on behalf of the Borough Engineer.

UNFINISHED BUSINESS:

Councilman Cioffi read the following report:

*Last council meeting I reported on the two sink hole issues currently taking place at the Consumer Center 310 Route 36. At the time, myself, code enforcement & Julie, from T&M Associates, our Borough Engineer firm, were investigating and taking action.*

*Since then, we have experienced several, what I will call bumps in the road, with the initial way the situation was being addressed by the contracting firm.*

*I am very happy to announce tonight that after several visits to the site by myself, Julie from T&M Associates and both our code enforcement officers, they now have their engineering firm working with ours and have also presented a short term plan to fix the immediate problems and also have presented a long term plan to stay on top of further needed inspections of this site.*

*The entire site currently is now completely fenced in for safety precautions and inspections will be done daily. I want to close by thanking Julie from T&M, her staff, along with our code enforcement officers for staying on top of this serious issue and working to get this job done.*

-----

NEW BUSINESS:

Councilman Cioffi read the following report:

*Recently our recreation commission has come up with a new approach for flags along locust Ave on the Fourth of July.*

*Normally the commission places flags along the curb lines with small American Flags. This year they are hoping to obtain permission from JCP&L to attach flags to phone poles along Locust Ave. If permission is obtained, twenty-five flags will be mounted. These flags will be flown a short period of time and then removed.*

*The commission is also hoping to continue this practice different times of the year, Veterans Day, flag day, Memorial Day. I will be assisting them in obtaining the permit needed through the proper utility Companies.*

-----

Councilman Neyhart stated that he understood the purpose of lowering the American flag to honor the victims of COVID-19; however, he felt that it was now time to raise them at Borough-owned properties. Councilman Cioffi, the Borough's Emergency Management Coordinator, confirmed that the lowering of the flag was done via Executive Order of the Governor. Upon questioning, the Borough Attorney stated that if it was done by Executive Order, the Borough would have to comply. Beyond that, it would be the Mayor's call. The Mayor offered to bring the request up during the next conference call with the Governor's office on Monday night.

PUBLIC HEARING:

David Ornstein, Maryland Avenue, commented on the following items:

- He thanked those involved in having the sinkhole repaired in the Consumer Centre parking lot.
- He asked someone to send him a picture showing the overflow of boxes, and he would post a notice on the West Long Branch Residents Facebook page reminding everyone that boxes must be broken down.
- Although he expressed his full support of the work being done at the West Long Branch Community Center, he stated that he thought that one of the objectives of the Borough taking ownership was to provide the opportunity for grants. Councilman Bray replied that the main reason was because they were not in a position to fund the required capital projects. He confirmed that the Borough Administrator and Chief Financial Officer did explore some grant options, but they turned out not to be feasible. Councilman Penta added that he was working with the Borough Engineer's office on an opportunity for a Community Development Block Grant which could include ADA ramps at the front and back of the Community Center.

There being no one else wishing to speak, Councilman Neyhart moved to adjourn the Council meeting and to enter Executive Session at 7:47 PM. Seconded by Councilman Bray and carried unanimously.
